Enclosed please find simple step-by-step instructions to help you quickly assemble your product. Before you begin we recommend that you follow the steps below:
1. Please read the instructions thoroughly
2. Identify all parts and hardware, and
3. You will need the following tools:
   Philips Head screw driver
   Flat head screw driver
   Hammer
   Pliers.

To protect your parts during assembly please place them on a soft surface. To clean surface use only water on a damp cloth. Do not use window cleaners or cleaning abrasives as it will scratch the surface and could damage the protective coating.

Model shown is example only. Styles may vary.
Furniture Care Instructions

Room Climate Control
Wood, when first cut contains more than 50 percent water. When it is prepared for furniture construction it is placed in a Kiln and the moisture content is brought down to 8 to 10 percent. Wood is porous and responds to its environment. If the room has high humidity it will absorb it and expand and if the humidity is low it will lose moisture and shrink.

It is important that the humidity levels in the room be controlled from extremes of too much humidity or too little. Furniture should not be placed close to air-conditioning outlets, fire places, radiators, space heaters, humidifiers or dehumidifiers. Exposure to extreme variations of temperature and humidity can damage any fine wood product.

The Ideal Environment for Fine Furniture
Fine wood furniture will have fewer problems when its environment is controlled at a temperature between 65 and 75 degrees and a relative humidity between 35 and 40 percent. Wood placed in an environment outside of those limits can and will shrink or expand and may develop some small cracks which are not material or structural defects.

Sticking Doors and Drawers
With the minor changes in temperature and humidity doors and drawers may swell and be difficult to open or close. Tolerances have been built into the units but extreme conditions may still cause sticking. This will adjust back to normal over time but until it does consider using a dehumidifier or rub candle wax or paraffin on the sides that stick.

Avoid Direct Sunlight
Keep the furniture out of direct sunlight. Ultraviolet rays will fade colors and in some cases darken them. It can also cause crazing or hair line cracks in the finish. White finishes will yellow naturally over time and exposure to direct sunlight will hasten this natural process along with some woods darkening naturally over time; this is not considered to be a quality defect.

Proper Storage
If you need to put your furniture in storage for any period of time do not store them in a damp basement or hot dry attic. Allow air movement around the furniture and do not stack anything on it.

In General
- Protect furniture surface from hot or extremely cold items.
- Use coasters under hot or cold beverages.
- Do not use synthetic fabric under accessories or lamps.
- Protect tops from pens, makers and crayons.
- Oils from potpourri and other scented items can damage the furniture finish.
- Do not drag items across the surface of the furniture.
- Allow the surface to breath by rotating your accessories and lamps.
- Do not over polish the furniture, do it only two or three times a year. Over polishing can distort the natural finish of the product.
- Do not wax the furniture as wax build up can destroy the natural finish of the product.
- When moving furniture always lift the unit. Do not push or drag it to avoid damage to legs.
- Keep the furniture level so doors and drawers open and close freely.
- Clean with a damp, not wet, cloth. Use only a mild soap. Do not use abrasive cleaners.
STOP

IF YOU EXPERIENCE ANY ISSUES WITH THIS PRODUCT

BEFORE YOU RETURN THIS TO THE RETAILER

PLEASE FOLLOW PROCEDURES ON THE REVERSE SIDE OF THIS FORM.
Product Assistance Procedures

You have purchased a quality piece of furniture. Our international team has spent many hours designing and engineering this piece and packaging to ensure you will be satisfied with your purchase. But if for any reason you need help with your purchase please contact us at any time.

Procedures to follow should you have any questions:

For best and most timely service please contact us by e-mail at info@lajobi.com

Please provide the following information in your e-mail.

1. Your Name__________________________________________
2. Address____________________________________________
3. Phone number________________________________________
4. Place and date of purchase________________________________
5. Item number and description of your product.____________________

The item number can be found on the back of the case or on the foot/headboard of the crib. Please include all numbers found on that label including the PO# and production date.

6. Short description of the issues and attach a photo if possible.
   ______________________________________________________
   ______________________________________________________

Someone will contact you via e-mail or phone to help you with your issues.

If you do not have internet access, please fax the above information to 609-409-5809

If you do not have internet or fax access, please call us at 888-266-2848 and be sure to have all the above information ready to give to your Client Service Specialist.
WARNING: FALL HAZARD

- TO PREVENT DEATH OR SERIOUS INJURY, ALWAYS KEEP CHILD WITHIN ARM’S REACH.

- THIS PRODUCT NOT TO BE USED AS A CHANGING TABLE UNLESS EQUIPPED WITH CHANGING PAD AS DESCRIBED BELOW.

- READ ALL INSTRUCTIONS BEFORE USE OF THE CHANGING TABLE OR THE CHANGING PAD.

- DO NOT USE THIS DRESSING/CHANGING TABLE OR CHANGING PAD IF THERE ARE ANY LOOSE JOINTS, MISSING OR BROKEN PARTS AND SHARP EDGES. PLEASE CONTACT LAJOBI INDUSTRIES, INC., 257 PROSPECT PLAINS ROAD, CRANBURY, NJ 08512 FOR REPLACEMENT PART AND INSTRUCTIONAL LITERATURE. DO NOT SUBSTITUTE PARTS OF ANY KIND.

- KEEP ALL INSTRUCTIONS FOR FUTURE USE.

- USE ONLY AN APPROVED CHANGING PAD THAT MEETS F23388-04. THE PAD WILL HAVE A LABEL THAT INDICATES THAT IT MEETS F23388-04 AND MAY BE SOLD BY ANOTHER MANUFACTURER. FOLLOW ALL PAD MANUFACTURER’S INSTRUCTIONS.

- WHEN CHILD REACHES A MAXIMUM WEIGHT OF 30 LBS, THE DRESSING / CHANGING TABLE SHALL NO LONGER BE USED.
Dressing Table Assembly

Step 1
Attach the two non-grooved rails(B) to the top left and right positions on one of the headboards(A) using wood dowels & 1-3/4" Bolts(G). Attach the two wide grooved rails(C) to the middle left and right positions on one of the headboards(A) using 1-3/4" Bolts(G). Attach the four grooved rails(D) to the bottom left and right positions on one of the headboards(A) using 1-3/4" Bolts(G). See Figure 1.

Model shown is example only. Styles may vary.

Step 2
Lay the headboard on the floor, rails up. Make sure that the thick shelf(E) is inserted into the top wide grooved rails. Slide the shelf through the grooves and into the headboard. Repeat with the two remaining thin shelves(F). See Figure 2.

Model shown is example only. Styles may vary.
Step 3
Attach the other headboard(A) to the rails using 1-3/4" Bolts(G) and Wood Dowels(L). See Figure 3.

Model shown is example only. Styles may vary.

Step 4
Insert the casters (M) as shown in Figure 4.

Model shown is example only. Styles may vary.
Step 5
Place the Restraint Harness(N) and align the hole on the Harness Strap end to the hole on the thick shelf (E). Attach the Strap to the shelf by inserting an Allen Head bolt (H) through a washer (I), the Strap(N) and the Shelf hole. Secure with a Nut (J) on the underside of the shelf, as shown in Figure 5. Repeat process to attach the other side of the strap to the shelf.

Model shown is example only.
Styles may vary.

Step 6
Place the Foam Pad(O) onto the Thick Shelf(E) on top of the attached strap from Step 5, as shown in Figure 6.

RESTRAINT HARNESS SYSTEM USE:
. Place the infant on the Dressing/Changing Table Foam Pad.
. Position the Restraint Harness over the middle of the infant’s torso and insert the buckled ends into each other until they lock shut with a click.
. Gently pull the loose end of the strap to lightly snug the Restraint Harness around the infant.

WARNING: FALL HAZARD
ALWAY KEEP CHILD WITHIN AN ARMS REACH.

Model shown is example only.
Styles may vary.
